## **Third Quarter 2021 Investor Webcast Presentation**

## Q3'21 Company Overview

### HTI is a \$2.6 billion<sup>(1)</sup> healthcare real estate portfolio focused on Medical Office Buildings ("MOB") and Senior Housing Operating Properties ("SHOP")

	✓ High-quality portfolio featuring 201 healthcare properties that are 59% MOB, 32% SHOP and 9% Triple Net Leased ("NNN") <sup>(2)</sup>
	✓ High MOB and NNN portfolio Occupancy of 91.5%. HTI also has a forward Leasing Pipeline <sup>(3)</sup> of 12,000 SF that is expected to increase MOB and NNN portfolio Occupancy to 91.8% and annualized straight-line rent by nearly \$258,000 <sup>(4)</sup>
High Quality Portfolio	✓ Geographically diversified across 33 states with select concentrations in states that management believes to have favorable demographic tailwinds
	✓ SHOP portfolio Occupancy increased for the second consecutive quarter, increasing by 2.1% from 72.7% in Q1'21 to 74.8% in Q3'21, as COVID-19-related headwinds subside
	✓ Year-to-date HTI, invested \$8 million in its SHOP assets to enhance and improve marketability as management expects demand to rebound strongly as COVID-19 dissipates
	✓ Total 2021 closed and pipeline acquisitions of \$160 million at a weighted average Cap Rate <sup>(3)</sup> of 7.7%, including six acquisitions closed in Q3'21 for \$104 million at a 7.8% weighted average Cap Rate
Diligent Acquisition Program <sup>(5)</sup>	✓ 2021 closed acquisitions are expected to generate approximately \$13 million of Annualized Straight-Line Base Rent <sup>(3)</sup> over a weighted average Lease Term Remaining <sup>(3)</sup> of approximately 12 years <sup>(6)</sup>
	✓ Q3'21 acquisition pipeline includes three MOB properties to be acquired for \$13 million at a 7.5% weighted average Cap Rate
Resilient	✓ Collected approximately 100% of the original Cash Rent <sup>(3)</sup> due across the MOB and NNN portfolios in 2021 and 2020
Resilient Performance	✓ Year-over-year, HTI's exposure to MOB and NNN assets increased from 60% to 68% <sup>(2)</sup> in part due to high-quality MOB acquisitions, which management believes to have more predictable cash flows than SHOP assets, and strategic SHOP dispositions
Experienced	✓ Proven track record with significant public REIT market experience
Management Team	✓ SHOP portfolio with a dedicated management team led by John Rimbach along with his key operating personnel from WESTLiving

(1) Based on total real estate investments, at cost of \$2.6 billion, net of gross market lease intangible liabilities of \$10.7 million as of September 30, 2021.

(2) Percentages are based on NOI for the nine months ended September 30, 2021 and for the nine months ended September 30, 2020. See appendix for Non-GAAP reconciliations.

(3) See Definitions in the Appendix for a full description.

(4) Assuming no expirations or terminations and that non-binding letters of intent will lead to a definitive lease that will commence on its contemplated terms, which is not assured. Leases and potential leases in the Forward Leasing Pipeline commence at various times during 2021 and 2022. The Forward Leasing Pipeline should not be considered an indication of future performance.

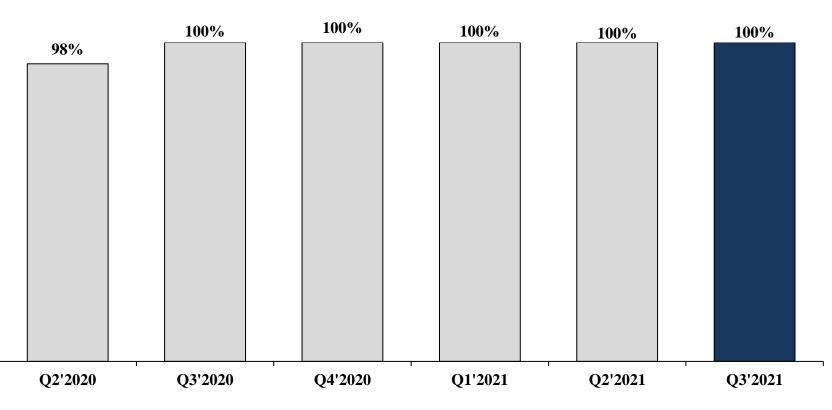

(5) Refer to slide 7 for additional information.

(6) Refer to slide 7 for additional information. Based on square feet as of the respective acquisition date for closed transactions.

HTI continues to collect approximately 100% of the original Cash Rent due across the MOB and NNN portfolios in 2020 and 2021. Management expects this trend to continue

### **Quarterly Original Cash Rent Collection Rates**

Note: Percentages are approximate. Collection data as of November 15, 2021. Collection data includes both Cash Rent paid in full and in part pursuant to an amendment to an existing lease agreement to defer for a certain portion of Cash Rent due or otherwise. Collection data excludes Cash Rent paid after November 15, 2021, that would apply to prior quarters. Total rent collected during the period includes both original Cash Rent due and payments made by tenants pursuant to rent deferral agreements. The deferred rent portion represented less than 1% of the original Cash Rent due. See definition of Cash Rent for further details. This information may not be indicative of any future period. The impact of the COVID-19 pandemic on our future results of operations and liquidity will depend on the overall length and severity of the COVID-19 pandemic, which management is unable to predict.

#### **Balanced Capital Structure**

#### Mortgage Debt

- \$119 million, 21 property, CMBS Loan with KeyBank at a 4.6% fixed interest rate with maturity in 2028
- \$379 million mortgage loan with Capital One secured by 41 properties at a 3.7% interest rate fixed by swap and maturity in 2026
- The Company has six other mortgage loans with an aggregate balance of \$52 million, secured by individual properties with a weighted-average interest rate of 3.6% as of September 30, 2021

#### **Credit Facilities**

- <u>Fannie Mae Master Credit Facilities</u>: Made up of two facilities arranged by KeyBank and Capital One. The combined facility is secured by mortgages on 21 seniors housing properties
- <u>Revolving Credit Facility and Term Loan</u>: The credit facility and term loan mature in 2024 with exercise of the Company's extension option and currently has total commitments of \$630 million

#### **Capital Markets**

- In Q4'21, HTI completed an \$80 million Series B Preferred Stock Offering that received a BBB- investment grade rating from Egan-Jones Ratings Company, which management believes to reflect the high-quality and diversified nature of HTI's portfolio
  - ✓ In the second quarter, HTI also completed a \$57 million Series A Preferred Stock follow-on offering that provided attractive capital and financial flexibility to HTI

Note: Metrics as of and for the three months ended September 30, 2021. As of September 30, 2021, HTI had \$29.8 million of cash and equivalents and the current availability under the revolving credit facility was \$166.5 million. The Company is subject to a covenant requiring it to maintain a combination of cash, cash equivalents and availability for future borrowings under the revolving credit facility totaling at least \$50.0 million.

- (2) Weighted average interest rate based on balance outstanding as of September 30, 2021.
- (3) See Definitions in the Appendix for a full description.

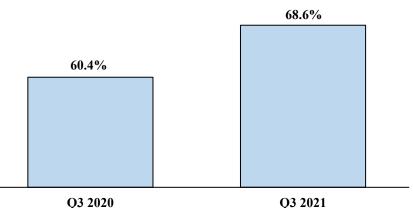

<sup>(1)</sup> Excludes the effect of deferred financing costs, net and mortgage premiums/discounts, net. The equity interests and related rights in our wholly owned subsidiaries that directly own or lease the eligible unencumbered real estate assets comprising the borrowing base of HTI's credit facility are pledged for the benefit of the lenders thereunder. These real estate assets are not available to satisfy other debts and obligations, or to serve as collateral for any new indebtedness, unless the existing indebtedness secured by these properties is repaid or otherwise refinanced.

HTI remains focused on growing its portfolio by diligently acquiring high-quality MOB assets and constructing a forward Leasing Pipeline that is expected to increase MOB and NNN occupancy to nearly 92%

### **Operating Highlights**

- Year over year, HTI's concentration of MOB and NNN assets  $\checkmark$ increased from 60% to 68% in part due to high-quality MOB acquisitions, which management believes to have more predicable cash flows than SHOP assets, and strategic SHOP dispositions
- Forward Leasing Pipeline of 12,000 SF that is expected to increase  $\checkmark$ MOB and NNN Occupancy to 91.8%<sup>(1)</sup>
- Through Q3'21, HTI continued to grow its high-quality portfolio  $\checkmark$ and closed on 14 acquisitions totaling \$147 million at a weighted average Cap Rate of 7.7%

#### **Securities Ratings**

A securities rating is not a recommendation to buy, sell or hold securities and may be subject to revision or withdrawal at any time. Each rating agency has its own methodology for assigning ratings and, accordingly, each rating should be evaluated independently of any other rating.

Certain statements made in this presentation are "forward-looking statements" (as defined in Section 21E of the Exchange Act), which reflect the expectations of the Company regarding future events. The forward-looking statements involve a number of risks, uncertainties and other factors that could cause actual results to differ materially from those contained in the forward-looking statements. Such forward-looking statements include, but are not limited to, market and other expectations, objectives, and intentions, as well as any other statements that are not historical facts.

Our potential risks and uncertainties are presented in the section titled Risk in the section titled "Item 1A-Risk Factors" disclosed in our Annual Report on Form 10-K for the year ended December 31, 2020 filed with the SEC on March 30, 2021, the Company's Quarterly Report on Form 10-Q filed on May 14, 2021 as well as all other filings with the SEC after that date. We disclaim any obligation to update and revise statements contained in these materials to reflect changed assumptions, the occurrence of unanticipated events or changes to future operating results over time, unless required by law. The following are some of the risks and uncertainties relating to us, although not all risks and uncertainties, that could cause our actual results to differ materially from those presented in our forward-looking statements:

- Our operating results are affected by economic and regulatory changes that have an adverse impact on the real estate market in general.
- Our property portfolio has a high concentration of properties located in Pennsylvania, Iowa and Florida. Our properties may be adversely affected by economic cycles and risks inherent to those states.
- Our Credit Facility restricts us from paying cash distributions on or repurchasing our common stock until we make an election to do so and are able to meet certain liquidity and leverage conditions, which is not assured, and there can be no assurance we will be able to resume paying distributions on our common stock, and at what rate, or continue paying dividends on our 7.375% Series A Cumulative Redeemable Perpetual Preferred Stock and our 7.125% Series B Cumulative Redeemable Perpetual Preferred Stock at their current rates.
- Our Credit Facility restricts our ability to use cash that would otherwise be available to us, and there can be no assurance our available liquidity will be sufficient to meet our capital needs.
- We are subject to risks associated with a pandemic, epidemic or outbreak of a contagious disease, such as the ongoing global COVID-19 pandemic, including negative impacts on our tenants and operators and their respective businesses.
- In the Company's SHOP portfolio, due to the COVID-19 pandemic, occupancy had trended lower since March 2020 and the declines only recently began to level off in June 2021 and, starting mid-March 2020, operating costs began to rise materially, including for services, labor and personal protective equipment and other supplies. At our SHOP facilities, we bear these cost increases. These trends accelerated beginning in the second quarter of 2020 and continued into 2021. There can be no assurance, however, that future developments in the course of the pandemic will not cause further adverse impacts to the Company's occupancy and cost levels, and these trends may continue to impact the Company and have a material adverse effect on the Company's revenues and income in other quarters.

## Forward Looking Statements (Continued)

- No public market currently exists, or may ever exist, for shares of our common stock and our shares are, and may continue to be, illiquid.
- In owning properties we may experience, among other things, unforeseen costs associated with complying with laws and regulations and other costs, potential difficulties selling properties and potential damages or losses resulting from climate change.
- We focus on acquiring and owning a diversified portfolio of healthcare-related assets located in the United States and are subject to risks inherent in concentrating investments in the healthcare industry.
- The healthcare industry is heavily regulated, and new laws or regulations, changes to existing laws or regulations, loss of licensure or failure to obtain licensure could result in the inability of tenants to make lease payments to us.
- We depend on tenants for our rental revenue and, accordingly, our rental revenue is dependent upon the success and economic viability of our tenants. If a tenant or lease guarantor declares bankruptcy or becomes insolvent, we may be unable to collect balances due under relevant leases.
- We assume additional operational risks and are subject to additional regulation and liability because we depend on eligible independent contractors to manage some of our facilities.
- We have substantial indebtedness and may be unable to repay, refinance, restructure or extend our indebtedness as it becomes due. Increases in interest rates could increase the amount of our debt payments. We may incur additional indebtedness in the future.
- We depend on the Advisor and Property Manager to provide us with executive officers, key personnel and all services required for us to conduct our operations.
- All of our executive officers face conflicts of interest, such as conflicts created by the terms of our agreements with the Advisor and compensation payable thereunder, conflicts allocating investment opportunities to us, and conflicts in allocating their time and attention to our matters. Conflicts that arise may not be resolved in our favor and could result in actions that are adverse to us.
- We have long-term agreements with our Advisor and its affiliates that may be terminated only in limited circumstances and may require us to pay a termination fee in some cases.
- Estimated Per-Share NAV may not accurately reflect the value of our assets and may not represent what a stockholder may receive on a sale of the shares, what they may receive upon a liquidation of our assets and distribution of the net proceeds or what a third party may pay to acquire us.
- The stockholder rights plan adopted by our board of directors, our classified board and other aspects of our corporate structure and Maryland law may discourage a third party from acquiring us in a manner that might result in a premium price to our stockholders.

## Appendix

Annualized Straight-Line Base Rent: Represents the total contractual base rents on a straight-line basis to be received throughout the duration of the lease currently in place expressed as a per annum value. Includes adjustments for non-cash portions of rent.

**Cap Rate:** Capitalization rate is a rate of return on a real estate investment property based on the expected, annualized straight-lined rental income that the property will generate under its existing lease during its first year of ownership. Capitalization rate is calculated by dividing the annualized straight-lined rental income the property will generate (before debt service and depreciation and after fixed costs and variable costs) and the purchase price of the property. The weighted average capitalization rate is based upon square feet.

**Cash Rent:** Represents total of all contractual rents on a cash basis due from tenants as stipulated in the originally executed lease agreements at inception or any lease amendments thereafter prior to a rent deferral agreement (see slide 3 for further information). "Original Cash Rent" refers to contractual rents on a cash basis due from tenants as stipulated in their originally executed lease agreement at inception or as amended, prior to any rent deferral agreement. We calculate "Original Cash Rent collections" by comparing the total amount of rent collected during the period to the original Cash Rent due. Total rent collected during the period includes both original Cash Rent due and payments made by tenants pursuant to rent deferral agreements. Eliminating the impact of deferred rent paid, we collected approximately 100% of original Cash Rent due in the third quarter of 2021.

Leasing Pipeline: Includes (i) all leases fully executed by both parties as of November 15, 2021, but after September 30, 2021 and (ii) all leases under negotiation with an executed LOI by both parties as of November 15, 2021. This represents one executed new lease totaling approximately 2,200 square feet and four LOIs totaling approximately 9,800 square feet. No lease terminations or expirations occurred during this period. There can be no assurance that the LOIs will lead to definitive leases or will commence on its current terms, or at all. Leasing pipeline should not be considered an indication of future performance.

Lease Term Remaining: Current portfolio calculated from September 30, 2021. Weighted based on square feet.

Net Debt: Total gross debt of \$1.2 billion per slide 8 less cash and cash equivalents of \$29.8 million as of September 30, 2021.

**NOI:** Defined as a non-GAAP financial measure used by us to evaluate the operating performance of our real estate. NOI is equal to revenue from tenants, less property operating and maintenance. NOI excludes all other items of expense and income included in the financial statements in calculating net income (loss).

**Net Leverage:** Represents "Net Debt" as defined above as debt less cash and cash equivalents divided by total assets of \$2.2 billion (which includes cash and cash equivalents) plus accumulated depreciation and amortization of \$555.1 million as of September 30, 2021.

**Occupancy:** For NNN and MOB properties, occupancy represents percentage of square footage of which the tenant has taken possession of divided by the respective total rentable square feet as of the date or period end indicated. For SHOP, occupancy represents total units occupied divided by total units available as of the date or period end indicated.
